

SPEC OIL

NEAT CUT 10, 22 and 32

High performance cutting, drilling fluids

Application: For the machining, threading, deep drilling, etc., of all kinds of metals, e.g. cast iron, steel, high alloy steels, yellow metals and aluminium.

Characteristics: NEAT CUT 10, 22 and 32 cutting oils are manufactured based on carefully selected hydro treated and neutral mineral oils. Through the combination of synergistic EP and other selected additives, a high cutting performance is guaranteed.

Advantages: The advantages of NEAT CUT 10, 22 and 32 are:

- Reduction in consumption
- Improved tool life
- Good anti-wear properties
- Multi-purpose usage
